**Re: Request for Early Termination**

On September 6, 2000, Juan Wesley Torres was sentenced in the District Court of the Northern Marianas Islands to 36 months imprisonment followed by an eight year term of supervised release for the offense of Conspiracy to Possess Methamphetamine, a Scheduled II Controlled Substance, and Possession with Intent to Distribute Methamphetamine, in violation of 21 U.S.C. §§ 841(a)(1). In addition to the mandatory and standard conditions, the Court also ordered the following: that Mr. Torres participate in a substance abuse treatment program approved by the U.S. Probation Office, refrain from any use of alcoholic beverages, seek and maintain employment, and perform 300 hours community service under the direction of the U.S. Probation Office. He was ordered to pay a special assessment fee of \$200. Mr. Torres commenced supervision on July 23, 2003.

Mr. Torres has been in compliance with his conditions of supervised release. He successfully completed the Substance Abuse Treatment Program on August 5, 2004. He satisfied 300 hours of community service on July 31, 2004, and satisfied \$200 special assessment fee on August 8, 2003. He has made monthly office reports as required, and a criminal records check revealed no new arrests since his placement on supervised release. Lastly, he submitted to DNA collection on February 26, 2007.

Mr. Torres is undergoing intensive medical treatment which will require travel to and from Guam and sometimes Hawaii. In lieu of Mr. Torres' medical condition and the fact that he has served close to half of his term of supervision, this Officer recommends early termination of supervised release.
